Dear Hiring Manager:

This letter is to express my interest in your posting on Waterloo Works for the position of Engineering Intern - Cloud Solutions. I am pursuing Bachelor's Degree of Applied Science and majoring in Computer Engineering at University of Waterloo. With my experience in software development, I am confident I will be an asset to your organization.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- knowledge of developing client-server system and HTTP host
- 3 months work experience in developing software in a network security company
- thorough understanding of machine learning and data optimization
- highly skilled in designing, testing and developing software
- critical thinking and problem-solving skill
- strong motivate to accomplish goals through means of learning new and complex concepts

Details of my projects and experience are covered in my resume. If you have questions, or if you want to schedule an interview, please contact me by email at [chengyang.li@uwaterloo.ca](mailto:chengyang.li@uwaterloo.ca) or at (647)83898808. I look forward to meeting you to further discuss employment opportunities with AirGate.

Sincerely,  
Edward Li
